# eRecruitment

# Digital Strategy

# Target:

Increase website's traffic and maintain a low cost per contact

# eRecruitment

# Digital Strategy

# Performance Analytic

### What is that?

Site centric tools, such as Google Analytics, that lets you measure your advertising ROI as well as track your video and social networking sites and applications.

# Main goal:

Measure and identify your audience in order to optimize digital strategy and in fine your patient acquisition's cost

### How?

- Creating an account on Google Analytics tool
- Elaboration of a tagging plan
- Integration of tracked URL and tags on website's back office

# Votre proche vous inquiète, il veut se mettre dans sa bulle...

Face au comportement difficile d'un de vos proches, bien des questions vous taraudent :

 Il s'isole, parle peu et nous regarde de travers. Il dort le jour et vit la nuit. Il a beaucoup changé.
